Today is to chance to...

- Learn
- Connect
- Collaborate

Qualifications don't don't capture full picture of our achievements as they move through life and work. As a result people's skills and talents overlooked and they miss out on opportunities in life and work. OpenBadges provides the tools recognise life-long learning in any setting, giving individuals a life-long digital achievement record they can use to showcase their skills and open up new opportunities.

How Open Badges help learners to a...

Digital Credentials Ecosystem

Growth and adoption of Open Badges - (circa 2016)

One thousand badges were pushed to the Mozilla Backpack in 2012. By 2014 this figure had reached 256,800 and today this figure exceeds 1m. Combining estimates from other backpacks in the ecosystem it is estimated that over 3m badges have been issued by over 2,000 organisations to date.

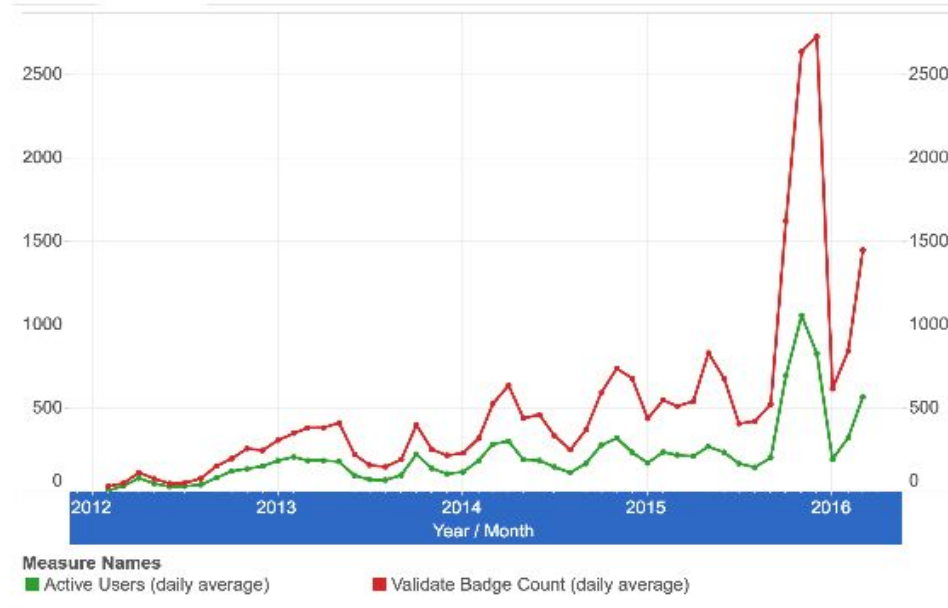

Mozilla Backpack Daily Validations:

Huge growth potential.

Interest in issuing is strong.

Number of Backpack Providers is growing (stats just from one).

Many stats remain hard to access due to distributed ecosystem.

Growth of Open Badges 2012-2020

	2019	2020
Badges	24.1 M	42.8 M
Platform	5	12
Total badges available	261 k	458 k

Potential trends 2021

1. Emergence of educational standards which will help educators and employers make sense of breadth and depth of badges
2. Next wave of growth led by the users because it will be easier to share badges using BadgeConnect
3. Convergence between Digital Credential standards

Morning: How organizations are using digital credentials to support learner workers through the COVID crisis

11:25: Why an awarding body that is over 140 years old is making the move from paper-based certificates to digital credentials.
