

LEARNING TOOLS INTEROPERABILITY ADDENDUM

This Learning Tools Interoperability Addendum (this “Addendum”) shall apply to the attached [Agreement Title/PO Number] between [*name of institution*] (“*reference ID*”), and [_____] (“Company”), dated _____ (the “Agreement”).

Learning Tools Interoperability (“LTI”) will be used to seamlessly integrate the University’s then-current learning management system (the “Tool Consumer”) and the externally hosted web-based application (the “Tool”) by Company. The Company shall disclose to [*reference ID*] what parameters, variables, and services the Tool requires so it can be matched and supported by the Tool Consumer. The Company shall provide functionality that is certified as compliant with the LTI that is applicable to the University’s software, e.g. 1.0 for launches; 1.1 for launches and outcomes; 2.0 for launch, outcomes and extensibility. Evidence of a valid LTI certification, including a current IMS certified registration number must be provided to the University. See <http://www.imscert.org/>.

IN WITNESS WHEREOF, intending to be legally bound, the parties hereto have executed this Addendum.
